

**Ufa City Clinical Hospital No.21**  
**Clinical laboratory**

Report No.3644 of the molecular  
biological study by polymerase  
chain reaction

**Patient:**

**MURZINA LARISA**

**Date of Birth: 18.03.1965**

**Passport: 72 2716392**

Department: Bacteriological laboratory

Clinical diagnosis: examination Studies of a smear from the  
pharynx, nose

**The result of the study:**

COVID-19 PCR testing results

SARS-CoV2 RNA – NOT DETECTED

No.3644 production No.1

**Date and time of biomaterial sampling:**

01.07.2021 10:00

**Result ready date and time:**

01.07.2021 15:10

Signature:

**Ufa City Clinical Hospital No.21**  
**Clinical laboratory**

Report No.3646 of the molecular  
biological study by polymerase  
chain reaction

**Patient:**

**SEMENOV IVAN**

**Date of Birth: 09.10.1982**

**Passport: 73 1106400**

Department: Bacteriological laboratory

Clinical diagnosis: examination Studies of a smear from the  
pharynx, nose

**The result of the study:**

COVID-19 PCR testing results

SARS-CoV2 RNA – NOT DETECTED

No.3646 production No.3

**Date and time of biomaterial sampling:**

03.07.2021 10:00

**Result ready date and time:**

03.07.2021 16:20

Signature:

**Ufa City Clinical Hospital No.21**  
**Clinical laboratory**

Report No.3645 of the molecular  
biological study by polymerase  
chain reaction

**Patient:**

**NAFIKOVA LARISA**

**Date of Birth: 21.11.1964**

**Passport: 75 3813965**

Department: Bacteriological laboratory

Clinical diagnosis: examination Studies of a smear from the  
pharynx, nose

**The result of the study:**

COVID-19 PCR testing results

SARS-CoV2 RNA – NOT DETECTED

No.3645 production No.2

**Date and time of biomaterial sampling:**

02.07.2021 10:00

**Result ready date and time:**

02.07.2021 15:30

Signature:

**Ufa City Clinical Hospital No.21**  
**Clinical laboratory**

Report No.3647 of the molecular  
biological study by polymerase  
chain reaction

**Patient:**

**SEMENOVA OLGA**

**Date of Birth: 18.07.1974**

**Passport: 73 2923457**

Department: Bacteriological laboratory

Clinical diagnosis: examination Studies of a smear from the  
pharynx, nose

**The result of the study:**

COVID-19 PCR testing results

SARS-CoV2 RNA – NOT DETECTED

No.3647 production No.4

**Date and time of biomaterial sampling:**

04.07.2021 10:00

**Result ready date and time:**

04.07.2021 16:40

Signature:
